We or Region 10 will probably see this again as an AX control to respond to. Might as well think now on how to respond.

Hi Shoren.

Please see attached for a letter submitted to Lisa Jackson on Friday Oct 29 by over 150 chefs, retailers, and food leaders from around the country. Feel free to share this letter with others who you think should see this.

Thanks, and please let me know if you have any questions or would like any additional info.

Best,
elizabeth

Subject: Bristol Bay: letter from chefs

Dear Administrator Jackson,

On behalf of our nation's food community, I am writing to share with you a letter signed by over 150 chefs, retailers, business owners, and leaders around the country who want to see Bristol Bay, Alaska's salmon fishery protected from large-scale mining development. Each chef speaks for thousands of consumers around the country who value wild salmon as a healthy and sustainable food source. Some of our nation's biggest food celebrities have signed onto this letter, including Chefs Tom Colicchio, Mark Bittman, and Rick Moonen. These chefs recognize that Bristol Bay is a place that deserves unprecedented protection and is a wild food source that we cannot afford to lose.

We hope that you will listen to the voices of our nation's food community, urging you to proactively protect our nation's last great wild salmon fishery from threats such as the proposed Pebble Mine. Through the Clean Water Act you have the power to ensure that wild salmon remain a food option on our menus and in our seafood cases for generations to come.

We thank you for your time and attention.

Very sincerely,

Elizabeth Dubovsky
